\*Please note - Fees apply to adults and HE students only. Only the most common fees scenario is shown. Actual fees may vary depending on your personal situation. Please contact us for further information.

## Course Summary

---

**If you are wanting to take the first steps of working with horses in the future, then this course is for you.**

The course is made up of a mixture of academic lessons and practical lessons, with lots of opportunities to work around the horses and on the yard.

You'll be working on a range of different topics and units on this course including: Mucking out horses, rugs & rugging, tack and tacking up, feeding and watering, health and safety, communication, handling horses and riding horses (although this is not compulsory). You will be studying many aspects of equestrianism to build and develop your theoretical knowledge and working on improving your practical skills.

We are very lucky to have 2 indoor schools and 1 outdoor school, stabling for 55 horses, that are all rubber matted and have automatic water drinkers. We have 5 horse-walkers, 2 hot wash bays and solariums, and heated tack rooms. We have 30 acres of grazing that is split into smaller paddocks, a cross country schooling area and lots of beautiful hacking available.

On evenings and weekends we run competitions or hire our facilities to a range of different awarding bodies, including British Dressage, British Show jumping, The Riding for the Disabled Association and the British Horse Driving Trials Association. So, if you have a passion for horses and want a career working with them, this is the best place to start.

As a Level 1 qualification this course is all about introducing you to the equine industry and developing your essential skills. You'll be learning from experienced and well qualified staff, who are there to give you the very best start to your career.

There are 2 options on the course, riding or non-riding.

## What You Will Learn

---

This one-year course will ensure you have all the foundations and skills to progress onto a Level 2 course. You will learn the different terminology and will gain valuable practical experience to ensure you perfect your own skills. By gaining underpinning knowledge on the various different units, you will be prepared for the L2 technical or Work based further education qualifications.

## Entry Requirements

---

4 GCSEs at Grade 2 or above, including English and maths.

If you are home-schooled please contact us.

Riding option:

To be able to walk and trot on a horse. Video evidence will be required at interview.  
There is a 13 stone weight limit to riding at Duchy College Equestrian Centre.

Non-riding option:

To have some experience of handling horses and completing basic tasks including grooming, tacking up and leading horses.

## Work Experience

---

This course has compulsory 1 week's work experience at an equestrian business.  
It is also desirable that a one day per week placement is taken in an equine related yard or business.

## Assessment

---

You will be assessed through a couple multiple choice tests are a part of the qualification

## Progression

---

Once you've finished the Level 1 qualification you can progress onto the Level 2 Technical Certificate in Horse Care
