## Course Summary

---

This agriculture programme widens your knowledge of the agricultural industry, with a view to managing agricultural operations after graduation. The programme provides a thorough understanding of modern farming production systems and an in-depth knowledge of the underlying scientific and technological principles.

The FdSc Agriculture is delivered using a combination of approaches to enable the acquisition of required academic knowledge. Practical farm management is also integral and the programme benefits from industry-wide support.

Download FdSc Agriculture Programme Specification (2022-23) at <https://www.cornwall.ac.uk/wp-content/uploads/2022/10/FdSc-Agriculture-Programme-Specification-2022-23.pdf>

## What You Will Learn

---

You can focus on chosen subject areas, including the science and technology underpinning livestock and crop production and management. Additionally you will gain a comprehensive understanding of modern farming systems and the wider issues facing the agricultural industry, including the key areas of sustainable food production and the impact of climate change.

## Entry Requirements

---

48 UCAS points from AS and A-Levels (at least 32 points must be at A2-level) or relevant level 3 qualification, ie BTEC National Diploma / BTEC Extended Diploma - PPP Grades required. Access to HE Diplomas - 45 credits at level 3. Plus GCSEs at grade C/grade 4 or above in English Language and mathematics: alternatives at Level 2 may be considered.

Mature applicants with relevant experience but without the stated qualifications will be considered individually and are encouraged to apply.

## Assessment

---

The programme is assessed by a combination of coursework assignments, seminars, presentations, case studies, practicals, tests and examinations. Work-related learning is

embedded throughout.

## Progression
