

Horticultural and Agricultural Engineering Level 2 Diploma

16-19

Adult

Develop your engineering knowledge and skills relating to horticultural machinery, ranging from mowers to ride on mowers and tractors. The course includes servicing and maintenance of machinery, shaping and assembling equipment, performing joining and cutting of materials as well as how to service and repair cooling systems, engines, gearboxes, braking systems, hydraulics and electrics, plus much more.

You will develop engineering skills and knowledge to prepare you for employment or progression on to level 3 courses or apprenticeships.
