

Senior Equine Groom

Apprenticeship

This Level 3 apprenticeship will help you prepare for a more supervisory role within the Equine industry. During the course you will learn how to promote and maintain the health and well-being of horses, prepare horses for specialist work including working horses from the ground, maintain their health and well-being during transportation and contribute to managing health and safety. This apprenticeship has a riding and Grooms pathway option.

Apprenticeships allow you to work while gaining a nationally recognised qualification at the same time, so why not combine your love of horses with earning money.
