

# Supported Internship

16-19

A Supported Internship is available to learners 18-24 years old with an EHCP (Education, Health and Care Plan) who wish to gain employment. Students without an EHCP can apply for this course; however, they won't have job coach support.

As part of this course, you will complete a work placement three days a week, supported by a Job Coach. This hands-on experience will help you develop valuable skills and gain practical workplace knowledge. Please note that students are required to complete 432 hours of unpaid work placement.

On the remaining two days each week, you will attend college to improve your English and maths, along with key employability skills such as communication, time management, confidence, and independent living.
