

NPORS N010 telescopic handler above 9m Novice

Adult

Employer Training

The NPORS N010 Novice Operator Course is a training program for individuals with little to no experience in operating telescopic handlers. It provides comprehensive training in both theoretical and practical aspects of telehandler operation, including pre-operational checks, safe lifting and handling techniques, and operating on various terrains.

The course aims to equip novice operators with the necessary knowledge and skills to operate a telehandler safely and competently.
